Hi Lawvin,

FYI – We have received follow-up questions from Matt McClearn (G&M):

- I'm still not clear on when the government began using special purpose entities to raise debt. And I'd still like a list of all special purpose entities that have borrowed on behalf of the province.
- Also, if the Fair Hydro Trust borrows \$1 billion, by what amount will the gross debt figure on the Province's consolidated financial statements increase by?

We are currently working on developing the response and will keep you updated.

Best,

Alisha
