# Auditor General Opinion

- Two qualifications in the audit opinion
  - Pension assets (\$12.4 billion increase to net debt and accumulated deficit; \$1.4 billion increase to deficit → \$2.4 billion deficit per AG)
    - Pension Panel identified as a “non-authoritative” source on application of Public Sector Accounting Standards (PSAS)
  - Independent Electricity Systems Operator (IESO) changed its accounting policy to recognize \$1.6 billion market accounts assets and the same amount in liabilities (market accounts track mainly buy and sell transactions between electricity power generators and distributors)
    - No impact to annual deficit, net debt or accumulated deficit
  - Other matters paragraphs in opinion
    - Rate-regulated accounting used by IESO in year not permitted under PSAS (used by IESO in year, but impact not material)
    - Future potential material misstatement resulting from “legislated accounting” in Fair Hydro Plan legislation and related regulations;
    - FSD&A does not reflect pension accounting or market accounts appropriately

- Other:
  - Questioning balanced budget narrative
  - Growing debt burden
  - Relationship with AG and her criticism of the Fair Hydro Plan
