Andrew – we'd committed to considering this topic and getting back to them.

My recommendation remains that the DRC message remain, given it's only been on since January.

Perhaps a compromise is to be less prescriptive about *how* the DRC appears and just require it be on the bill.

Subject: Bill 13 - MO Direction

Matt/Dan,

Don't think we've officially met yet but I'm the 'new Kirby' in the DMO.

Quick follow-up from the Bill 13 briefing from Monday. Hoping for an MO update on one of the items staff were seeking direction on: LDCs have requested removal of DRC messaging from electricity bills to free space on invoices for the 8% messaging. This is one of the items on the Decision Point slide (slide 4 in the attached deck).

Thanks,

Jeet
