Hi Andrew,

Attached are updated drafts of the reg package, including today's draft reg (now drafted as a reg instead of drafting instructions), as well as the Ministry approval form and the impact assessment form.

We will also share these with CO so they can keep this on track for next Monday.

Thanks,
Martin

Hi Andrew,

Attached is an updated version of the draft fee reg, as well as comments/edits on CO's pink note. A new turn of this reg has gone to leg council for further drafting, which we hope to get back tomorrow, but I wanted to share the latest version so that you could see how it is evolving. We don't expect the next one to have substantial changes.

The other reg and approval form remain unchanged at this time.

We will also share these with CO so they can keep this on track for next Monday.

Thanks,
Martin

Hi Andrew,

Cabinet convenes at the end of LRC and it is normal practice for regulations to be approved at that sitting. So, tracking to LRC with these means they would most likely have CAB approval by the end of LRC.

I have confirmed this with Cabinet Office.

Thanks,
Martin

Thank you, Martin.
Will they have to go to Cabinet after that LRC discussion, do you think?
And if so, when?

Hi Andrew,

Cabinet Office has asked that these track to LRC on the 30th.

Thanks,

Good Afternoon:

Do you know from Cabinet Office what / where this is tracking to, please?

Cabinet / LRC and proposed dates?

Many thanks, in advance.

Hi Andrew,

Attached are the draft OFHP regulations and a version of the approval form you have already seen. Please note the fees one is still undergoing revisions, as comments are still being addressed (you'll note that there are still many notes to drafters in this version).

Thanks,
Martin
