Subject: Opposition Day Notice: Energy

Hi All,

The opposition have filed for a an opposition day next Tuesday, September 27, 2016.

Mr. Brown — Whereas, Ontario has amongst the highest hydro rates in North America; whereas, electricity prices are expected to rise again on November 1st; whereas, the Liberal government have created the hydro crisis by signing lucrative contracts for unnecessary energy; whereas Liberal mismanagement has left Ontario's electricity system unaffordable and unreliable; whereas, the proposed hydro rebate is merely a band-aid solution; and, whereas, the rebate is simply too little and too late; therefore, the Legislative Assembly calls on the Liberal government to: stop signing contracts for energy that the province will sell at a loss; and stop selling any further shares in Hydro One.

Thank you,
Sinèad
