Can you reply?

1. Yes. Probably best to be two briefings or two in one hour.
2. Yes.
3. Ask IESO when they would be ready for a full, detailed briefing, please.

Hi Andrew,

Further to your meeting requests, staff had a few clarification questions:

1. DM, CoS | CCAP/GOF update, week of August 21
 - Would you like IESO to come in and provide a briefing/update on GOF that is separate from the CCAP update, or would you prefer to have staff provide a brief update on GOF during the CCAP update meeting?
2. DM, CoS | Support Programs, Indigenous Support Programs (with IESO)
 - Would you like an update on all support programs, and for ministry to invite IESO to attend this briefing?
3. DM, CoS, IESO | FIT 5 update
 - Would you like a general update on the FIT 5 program? The IESO will be announcing the FIT 5 contracts the last week of August and won't be able to mention specifics of the contracts.

Thanks,
Martin

Hi Andrew,

I just wanted to follow up on these meeting requests to get some clarification on expectations:

- What objectives do you have in mind for the HERD briefing? Following the briefing with PO/CO in early July MO advised that we should put pens down, so we just want to get a sense of next steps.
- Can you give more detail on what you're looking for in the Class B Program update?
- What do you mean by OEB Compliance Plans?
- Are you ok with the OEB doing the cybersecurity briefing, as they lead this file?

Also, with regards to scheduling, given all the priorities on the go (e.g., LTEP, OFHP and Fuels) and that EMMC will make the week of the 14th a short week, can we push the Class B Program update and CCAP/GOF Program Update to the week of the 21st?

Thanks,
Martin

Good Afternoon,

He just gave me another list. No specific time frame on these but let's aim for late August / early September.

- Support Programs / Indigenous Support Programs (with IESO)
- Legislative Drafting (LTEP Implementation, Net Metering, Green Button)
- OEB Compliance Plans Update – Post / Decision Briefing
- MNO Update (he wants this before Labour day)
- OEB / IESO Exec Comp
- Cybersecurity Update
- IESO FIT 5 Update

Apologies if there was any duplication in these two lists.

Thank you!
