Good Evening:

Just wondering how this got resolved? I put some content edits in Eric / Lauren's door late last week. Do you know if a new version is tracking?

Many thanks, in advance.

Eric:

Can you help us out, perhaps you could re-send the document?

Many thanks, in advance.

Hi Andrew,

We've revised the QA based on your comments. Are you okay if we share the attached?

Thanks,
Martin

Good Afternoon:

This should be made to be a bit more robust, by way of additional context & content:

- Cost savings relative to 2013 LTEP by continued operations
- Also, if I recall, this has been built into the OFHP curves, so if continued operations are not pursued then additional rate pressures materialize in the short term as a result?
- Net income calculus from OPG to the fiscal plan
- CO2 impact b/c of less natural gas burn during refurbishments – I think I recall we had a slide on this in the Cabinet Submission on Pickering?
- Jobs impacts / collective agreements – recall that continued operations has a significant collective agreement impact that was part of the Asset Council undertaking a few years back

Finally, I have some other typographical / presentation edits that I've made on hard copy and will provide to DMO.

Many thanks, in advance.

Hi Andrew,

CO/PO asked for a brief status update note on Pickering. Please let me know if we're good to share the attached.

Thanks,

Martin
