Hi Andrew,

Attached is the revised Six Nations letter. Staff again want to stress that it would be prudent to wait until the Friday meeting with Matt Jameison to understand the status of the conversations Six Nations is having with Hydro One, which may impact the content and need for the letter. We can have the letter ready to be sent out, but recommend not sending it prior to that meeting.

Also, below is the distribution list for the three letters regarding DRP and FNDC. Hydro One will also receive a consolidated letter which refers to DRP, FNDC and Bill Redesign.

Thanks,
Martin

DRP-RRRP

Chapleau Public Utilities Corporation (Mayor Michael Levesque)
InnPower (Wally Malcolm)
Lakeland Power (Chris Litschko)
Atikokan Hydro Inc. (Jen Wiens)
Northern Ontario Wires (Dan Boucher)
Sioux Lookout Hydro (Deanne Kulchyski)

FNDC

Attawapiskat Power Corporation
Bluewater Power Distribution Corporation
Cornwall Electric Distribution
Fort Albany Power Corporation
Kashechewan Power Corporation
PUC Distribution Inc (Sault Ste. Marie)
Thunder Bay Hydro Electricity Distribution

DRP-RRRP + FNDC

Algoma Power

Hi Andrew,

Attached is the entire package of letters, with edits made where requested.

- 1) Minister's letter to only FNDC LDCs
- 2) Minister's letter to only DRP LDCs
- 3) Minister's letter to FNDC + DRC LDCs – will only go to Algoma Power - **New**
- 4) Minister's letter to Hydro One – consolidated all three letters referring to Bill Redesign, DRP, FNDC
- 5) Minister's letter to EDA –given the Ministry is now facilitating H1 presenting to LDCs on bill redesign, we are not including the edit on encouraging the EDA to reach out to Hydro One.

6) Minister's letter to CLD

Michael is having a call with Matt Jamieson of SNEC on Friday so staff are recommending we hold the Six Nations letter until after that call.

The Peter Gregg letter will track in tomorrow.

Let me know if you have any questions.

Thanks,
Martin

Good Morning:

Following up on the Fair Hydro Implementation meeting from earlier this week - regarding correspondence drafting :

A). Minister's letter to the FNDC LDC's.

B). Minister's letter to the enhanced rural credit LDC's.

C). Minister's letter to Hydro One Inc regarding their unconstrained bill design and our requirements for partnership.

D). Minister's letter to EDA and CLD LDC's regarding the Redesign Action Plan workplan, our expectations and call to action on their part.

For greater clarity, would it please be possible to have drafts for review by the end of this week (Friday), please?

Many thanks, in advance.

Good Afternoon:

I think the Quebec Letter would be the most pressing.

Can we also add to this list - at the most recent meeting with SNAP regarding a draft correspondence to six nations / Chief Hill about the Niagara Reinforcement Line - so let's number that one # F for this list?

Many thanks, in advance.

Hi Andrew,

Just to be clear we will do our best to get these ready, but meeting the end of the week timeline will be challenging with all the other priorities on the go. Is there a priority to these?

Thanks,
Martin

Good Morning:

Wondering if we could please initiate the following drafts, with idea of having these ready for CoS review before the weekend, please:

A. QC Minister Pierre Arcand

- dinner meeting thanks
- Energy exchange / fireside chat thanks
- HQ / IESO meeting thanks
- appreciated opportunity to discuss important interprovincial items and then one sentence each on :
 - I) NEB Modernization
 - II) Canadian Energy Strategy
 - III) EMMC 2017
- also, pleased that we had a frank and open dialogue about possibility about continued discussions regarding electricity trade between our jurisdictions. Needs to be in the best interest of Ontario ratepayers.
- please note, Ontario has retained Saad Raffi, former DM MEI and presently whatever at Deloitte to help us get the best deal possible. He will be working with IO (Ehren) and supported by IESO (new CEO Peter) to work with your side in an effort to evaluate your offer based on economic principles for Ontario ratepayers, etc.

B. Letter to Bruce Campbell, IESO.

- congratulations on retirement
- list his successes :
 - integration of renewables
 - LTEP 2013
 - merger with Ontario Power Authority

D. Letter to Don McKinnon, PWU

- congratulations on your retirement
- recall that part of my transition to Minister of Energy, they said "go talk to Don".
 - was true, you have a unique history and perspective in the Ontario Energy and Electricity sector and have contributed a lot to furthering the goals of your Membership.
- together with you, the Province worked to broaden the ownership of Hydro One. Not an easy decision and took courage on your side as well.
- you have been a champion for clean, safe and reliable nuclear power as the backbone of Ontario's supply mix; but also an important - and growing - economic driver in the Province
- as a former Member of the Federal Government's Roundtable on the Environment & the Economy - you were an early advocate for efforts on Climate Change and appreciate our discussions about these matters, when we have

connected.

E. MB Minister.
