Subject: RE: Energy Roundtable - June 13 - RSVP list

Good morning Andrew,

Please find attached the background materials on the OCC Energy Education campaign as discussed during the call yesterday.

The following documents are included:

- OCC Initial Plan and report – details activities and timelines
- Slide deck on interim survey results regarding electricity questions - this document supports the initial plan and report
- ICI Flyer – released to the chamber network to promote opt-in for the program
- Current areas and questions likely to be raised – I have flagged some questions and early concerns i think may be raised based on those attending

Thanks, Andrew, let me know if you want to discuss anything in advance of Tuesday.

Best,

Andrew Thiele

Hi Andrew & Jessica,

Thanks for taking the time to chat with us this morning. As promised, please find the registration list for the roundtable. As you'll see in the spreadsheet, one tab is for those attending in person, and another tab for those who will be joining via teleconference.

With the upsize of boardroom, we've sent out another round of emails, so I'm sure some more will come through in the next couple of days.

I'll send an updated list by mid day Friday. Please let me know if there's anything else.

Best,
Stephanie
