Good Morning:

Please find enclosed a first draft of proposed agenda. Once I started typing, realized how many items make sense for us to collectively update on.

Let me know, certainly, if anything appears that should not or if anything is missing that you or David believe should be added. Of course, the organic nature of the conversation is something Minister enjoys as well.

Hope that you are keeping well, otherwise.

Good morning Andrew,

To get the exchange started, please drop me a note with your agenda items you will be covering, I will put together the same and send it over with a confirmation of dates.

Thank you,

Good Afternoon:

Has certainly been a busy month of May and we're just at the half-way point. Our teams are working well together on some of the top files that we discussed when last we spoke, including the regulatory framework for customer billing as well as the Niagara Transmission project.

I'm writing today to see if we can please land a date / time for next chance to get the us together with

Minister Thibeault – perhaps a dinner meeting as we had organized previously – subject to your availability?

Looking already to when the Legislative Assembly is on break, and Minister will be spending less time at Queen's Park, thought I'd toss out some dates to see if you are at least around GTA for an evening meeting:

- Tuesday 13 June; or
- Tuesday 27 June

Hope that you are both keeping well, otherwise.
