For the IESO correspondence, DMO has informed me that these letters have already been shared with Andrew. Attached for reference.
Ministry is now waiting on CoS to confirm who did/didn't attend IESO meeting. Those who were not in attendance will receive a letter saying "sorry you were unable to attend".

Good Morning:

For the IESO correspondence, it should go to each Board Member (IE. Like a dozen, individual letters).

For content, DM was on hand so would be able to provide some support for drafting, but :

- one or two lines about thanking them for OFHP implementation
- one paragraph about upcoming LTEP, the importance of Market Renewal and their feedback / support required.
- a few lines about Hydro Quebec. Borrowing from the two recent letters. Our letter that had been used / given out to media as well as the 1 September missive to Arcand.

Would it please be possible to see a draft by this time next week?

Many thanks, in advance.

Well attendees were the entire board. That's on their website. As for what they discussed, I have no idea.

Andrew?
