Good Morning:

Find enclosed my draft remarks. Highlights are where you should fact check, but would also appreciate a second look over the whole thing.

In terms of the participants in the room – David – hope that you can also attend, please?

Many thanks, in advance.

Andrew Teliszewsky

Chief of Staff | Office of Hon. Glenn Thibeault

Ministry of Energy

Sounds good, Andrew. We're on it.

Sent from my BlackBerry 10 smartphone on the Rogers network.

Good Morning:

I did a cut of the Minister's remarks to kick off the OCC event. I just need 10 mins at my desk this morning and will send your way.

Will need you to fact check some numbers (ie health benefits of coal closure, etc.) but that is probably easy to find.

Also have a place-holder for intro of Ministry of Energy and IESO staff attending. Can we check with DMO on that full list, please?

Finally, these are the decks from both DMO and OCC that should be shared with Minister for this. Can we please track to get him a full e-binder before noon today, given his drive down, etc. Would like him to have opportunity to give these a quick gander. When sending, please cc me on the note?

Many thanks, in advance.

Hi Andrew,

Attached are two draft products for the OCC meeting next week. The first is a Ministry LTEP update product, the second is an IESO product on market renewal and Save On Energy programs for businesses. Let us know if you are comfortable with these products.

Could you also confirm whether you intend to have folks walk through these products at the meeting?

Thanks,

Martin
