Hi Doreen – just circling back on this, as PO is requesting that we used language from the attached for the Minister's email responses. Let me know if you have any questions.

Thanks!

Subject: We heard you letter

Hi James,

At the request of CO, we've drafted the attached 'We heard you' letter to be sent by email from the Minister to citizens who have written to the ministry to complain about electricity prices over the past six months.

The draft has been approved by DMO.

I understand that CO would like to see the letter this afternoon, so if you could get back to me with any revisions/approval, that would be great.

Thank you,
Doreen
