Good Afternoon:

Thank you for this kind note.

I've really been lucky to have had the occasion to work with folks like you and Jeff over the years and have learned so much. I know that I've had among the best jobs in Government - and that made the decision to depart that much more difficult. But it was time for me to accept new challenges and a new path.

I hope that we get the chance to work together again in the future and please accept my best wishes and extreme thanks!

Saw the news yesterday and wanted to say thanks for all of the support along the way. The time you spent on OPG/FHP items was appreciated and very impactful from an OPG perspective. May be a tough bar to reach, but I hope your successor takes the time to understand the industry the way you did. This is a loss for the industry and OPG.

I am sure we will chat along the way.
