Subject: Energy Item @ Cabinet

Hi.

ECO is delivering this afternoon Energy's item re: rate mitigation for cabinet conversation tomorrow. It's an awesome deck, really top notch. But at Monday's meeting a bunch of the content was already covered.

For discussion tomorrow, we want to focus dialogue on the content on pages 42-53. If your Minister is looking for something awesome to read this evening, those 11 pages I would highly recommend.

Many thanks, in advance.
