Yes, thank you.

Also - I'd like to scrub reference to "Hydro One Inc." From the minute. Can you recast this as "R2 customer class" (Knowing that they only exist in H1 service territory), etc. Please?

Hi Andrew,

Just to confirm, are you referring to this line?

Consider, and if determined to be an effective method of ensuring low density Hydro One Inc. electricity consumers continue to receive an appropriate level of electricity price protection in future years, periodically adjust the total annual amount of rate protection available to low density Hydro One Inc. electricity consumers under the RRRP, effective on or after January 1, 2018.

Thanks,

Hillary

#3 on 2nd page should be more explicit. Can we inflation adjust this from the get-go?

Hi Dan,

Please find attached a revised draft of the draft minute. We've heard that there is a PO briefing on this at 2pm this afternoon, and they would like to see the minute for that meeting.

Let us know if you are comfortable with us sharing this with CO.

Thanks

Hillary
