Good Afternoon:

Please be advised that at market close today, Ontario has signaled that we are proceeding with the next tranche of Hydro One Inc., continuing along the broadening ownership that the Government

began two years ago.

Securities Law restricts the public communications during the period that dealers are marketing this offering (for at least the next 7-10 days) and as such – all members of Cabinet are bound to adhere to the guidelines included in the enclosed memo.

Ministry of Energy will be sharing additional products overnight & after markets open tomorrow morning, via regular MPP / Caucus blast protocols.

If you have any questions or concerns, please don't hesitate to call.

Many thanks, in advance.

Andrew Teliszewsky
