Subject: Hydro One Rate Increase

This letter is in respect to the Hydro One's application to the Ontario Energy Board (OEB) for a distribution rate increase. Apparently these increases would be added to our bill before any rebates from the Fair Hydro Act, 2017 are implemented. We were promised electricity rate relief with your government's Fair Hydro Act. What we weren't told was that Hydro One would still be able to apply for rate increases despite this new law and that this government's energy policies would continue to add burden to our already expensive electricity system.

We are senior citizens trying to keep up with the everyday hikes in groceries, gasoline, natural gas, and especially Hydro. Pensions have not risen.

We are sick and tired of your electricity shell-game and empty promises.

Regards

Sharron Botham and Bob Hudson
