Subject: Hydro (bill attached)

Sir

What would you think ?? I really appreciate your honest thoughts about it
A Senior on a fixed income get's this kind of shock receiving a bill like that ,
I was not home for 5 Month , the heat was turned down to a minimum,
and this is what I got , Novembers bill was not included .

There has to be something done about this , one can not live with those Hydro Bills
It should be adjusted to the " INCREASE IN SENIOR 'S PENSIONS" but than you would not know
about that , right?

I appreciate it if there would be refund to all Seniors who struggle already with the high cost of living .

Thank you for your attention

Sincerely

Alice Kummer
