Subject: Hydro Distribution Rate Request EB-2017-0049

Mr. Thibeault

I wanted to take a moment to pass along my thoughts regarding the proposed distribution rate increase by Hydro One Networks.

After all the efforts the Ontario Government has taken, and the controversy over this issue of passing the cost of the Fair Energy Policy

Down the road, Hydro One comes in with one swoop and attempts to take back what they deem their fair share. I have attached my comments to

The Ontario Energy Board on this matter, and if you took the time to read them, I think you would agree the system is clearly broken.

Electricity is becoming unaffordable, and it happening quicker than your Government thinks.

Thx

Terry
