Hon. Glenn Thibeault
Minister of Energy
Hearst Block
900 Bay St, 4th Floor
Toronto ON M7A2E1

Dear Mr. Thibeault
My understanding is the "Fair Hydro Act 2017", is to implement electricity rate **reductions** starting in the summer of 2017.

I have a question.

Why is Hydro One Networks Inc being allowed **to increase** their charges over the next few years?

This is not logical and I strongly object to Hydro One being allowed to do this.

Sincerely
MaryEllen Hearn
