June 22, 2017

Good morning, Cindy. We are pleased to attach the next consultation draft for the proposed General Regulation which, if approved, would be made under the OFHPA.

Cindy, we are hoping to receive your feedback in particular on the detailed "Financing Plan" principles enunciated in s.14. Let us know if those pose any concerns for you from an accounting perspective.

You may also note that Legislative Counsel, due to drafting practices, has removed some of the definitions. They were creating some confusion. Legislative counsel's intention was to communicate concepts in a more direct fashion, particularly about the relationship between various types of "amounts" and "the period of time" in which they are (or are to be) paid or received.

In many cases the substantive provisions themselves elaborate the principles previously provided for in the definitions.

We ask that you please give careful consideration to the approach and the language Legislative Counsel has proposed with a view to making the approach work if it is possible.

Thank you,

James
