I've read their comments. Not sure how helpful it would be to share them with Kim? The AG's direction doesn't seem to reflect the nature of comments noted, but rather a desire to consider analysis from an IFRS perspective (which actually just grandfathers which would be USGAAP RRA which is followed by all who use RRA). We can discuss tomorrow. n

Hi Nadine,

Attached is a copy of the cabinet document that includes our initial comments on the IESO paper. It was more difficult to insert comments because it is a PDF document, I hope they're not too hard to follow. Please let me know when you would like to discuss.

We reached out to our global network earlier this week, but they have not yet identified any entities that can be used to support the IESO's position. We will keep you posted.

Regards,  
Lee Anne
