Hi everyone, further to this - we made a few more changes to the note, particularly to the Minute and the financial tables and added the Eurig risk to the note. We welcome receive your feedback.

Just in case you haven't heard - the item is no longer tracking to TB/MBC and Cabinet tomorrow - it will now be next week (likely March 1, which is the next Cabinet date).

Thank you.
Felix

Subject: Latest version of Electricity TB/MBC assessment note

Hi everyone,

Please find attached the latest version of the TB/MBC assessment note for Electricity - this is the version that was just tabled at the meeting with Karen.

If folks can please review and provide us with any updates/edits this afternoon - that would be much appreciated. We will also be incorporating the various edits / comments that we just received from Karen - including revisions to the Minute.

Also sharing this with our MOF colleagues at the OFA and Office of the Budget.

Thanks,
Felix
