Hi Cindy

Steen Hume (ADM Energy) has requested a call with you on the rate mitigation deck at 11:30 this morning. I've confirmed we can include others on the call when the invite comes in. I'll forward to Nadine, Bharat and Helen.

They will be sending a few updated slides over to form the basis of the call.

Hi Kyle,

I'm filling in for Keley today while she is away from the office. I just wanted to touch base with you quickly on our rate mitigation file.

Following last night's meeting with the SoC, we're going to reach out to Cindy Veinot to try to set up a meeting to start talking through some of the accounting considerations around financing part of the global adjustment costs. We understand this item may be tracking into Major Projects later this week, and want to understand the considerations in advance so we can start working those through our products. It would be a meeting with Steen Hume, and not our Deputy.

Just wanted to keep you in the loop so you're aware of conversations. Given timelines, we want to make sure we can start having these conversations as soon as possible.

If you have any questions, feel free to give me a call.

Thanks,
Hillary
