Hi Mark

We need to provide backpocket materials for transitioning Minister McMahon by Monday morning (likely will need to brief her on them at some point as well –TBC). We've been requested to provide materials for the following topics:

- Accounting
 - o Public Accounts, including how we interact with OAG,
 - o Upcoming SCOPA visit,
 - o Pension Accounting,
 - o Hydro Asset Accounting
- PSSD

Between the foundational briefing on PA, PSSD and FHP provided a couple weeks ago, and the 2016-17 Public Accounts Technical Briefing deck that covers pension accounting we should be in good shape to pull a deck together from mostly existing materials (attached for easy reference what I think we can pull from)

Can you please have your team pull these materials together/update by EOD?

The minister will also be provided with the latest HBNs, which Comms will provide

Happy to discuss

Thanks
Sarah

Hi everyone,

We'll need to pull together back pocket materials for the Minister by Monday morning. I think a lot of the staff (highlighted in green) will be off the shelf.
