Subject: FW: Affordability Fund TB submission materials

Hi, we received the attached signed submission from Energy re: Affordability Fund (for local distribution companies to assist customers in need to reduce their future electricity bills). It's a TBO for \$200M. Energy would like to add this item for the March 6 TB/BC meetin.

Have you heard about this item and whether we should add to the March 6 agenda.

Please advise when you can. Thanks

Hi Greg,

As requested, please see copy of the Affordability Fund submission.

Thanks,

Marilia
