Cindy,

Attached are my comments on the revised Fair Hydro doc.

I won't be available for the next hour, so I'm copying Carolyn as well so that she is aware of the nature of my feedback.

Further to my email of this morning providing a summary of yesterday's meeting, I think it is important that KPMG's feedback on this draft be sought from the IESO. Please note also, that OPG's feedback on the FP is not yet reflected in the version of the doc received today. I am also confused on the expectations w.r.t. OEB review/approval of the Financing Plan. I have flagged my confusion in the attached.
