Cindy,

As discussed, my notes on today's discussion with Suzie and Lee Anne are attached.

Additionally, I confirmed that we would advise E&Y which documents they might be expected to read and comment on (since they are being cc'd on quite a few docs at this time).

They will send us their list of potential whitepapers which can be reviewed for feedback on structure and suggestions w.r.t. content.

Suzy mentioned that she will be away for a week as of Thursday.
