Hi Cindy,

Vanessa has edited per your comments. A short discussion on the how the change in employer contributions get reflected in hospital and college consolidations might be helpful.

Thanks.

See my edits/comments. If I didn't include a file, I don't have any changes.

Cindy

Subject: BN Template and QAs for Document - Due March 13

Hi all,

Templates for this year's briefing notes and technical Q&As for the document are attached.

From our content, I'm thinking we'd have the following topics:

- **Pensions** (each plan typically separate note + QAs) - FRFS
- ERM (last year I believe we just did QAs) - ERCA
- Modernizing Public Service (thinking a QA along the lines of "what is the government doing to modernize public service?" open to other ideas) – Bruce can you take the lead on this one?

If anything I'm missing, happy to add. We can also think about if there's anything that doesn't need to go in the larger briefing binder, but as backpocket for Cindy on document day.

Can you please send director-approved materials to Prashant and myself by **EOD Tuesday March 13th**.

Please let us know if any questions.

Thanks,
Sarah
