Hi Ken, we still need to run our comments by the DM before they go back to OPG/Torys.

Tim

Subject: RE: Call re Delivery of Reference Documentation to Province

Hi all

From the perspective of both Mike and I the comments and edits are very factual and should not pose any issues to OPG or the Trust should they choose to accept them. If others are of the same opinion, I suggest that either MOF or MOE Legal forward the marked up version to Torys with cc's to the usual suspects.

Thanks

Ken k

Hi. Here are further revisions to the OM mark-up circulated yesterday, based on comments recently received. This is still a work-in-progress, so please do not on-circulate. Please let us know if you have any questions or concerns. Thanks, Steve

Subject: RE: Call re Delivery of Reference Documentation to Province

Hi. Here is a list of items that could be discussed at 9:30, in order to settle on the scope and nature of commenting on the OM:

MOE – Alignment Considerations

- 1. Simplified references to the OFHPA (general caveat)
 2. Scope of descriptions (generally, should be ...subject to the OFHPA and the Regulations)
 3. “purposes” of the OFHPA (e.g., implies that is rate reduction)
 4. Nature and duration of the “moratorium period” (non-legislative)
 5. Trust vs. “financing entity” (permit multiple FEs and co-ownership arrangements – minimally described)
 6. “Fair Allocation Amount” – amount vs. effect of calculation (imprecise); concept of “Readjustments” missing
 7. Financing Plan – refinements (e.g., references to Refinancings)
 8. Expectations re FAA – negative until 2024
 9. “Ontario’s Fair Allocation Plan” – styling
 10. OPG appointment as FSM (initial only – ability for Minister to replace)
 11. Inclusions into IESO deferrals (precision)
 12. Carrying costs vs funding rebates (impact on nature of Investment Asset)???
 13. No reference to pre-OFHPA adjustments (piggy bank)
 14. Risk Factors – approach to describing legal risks and Protection Agreement as mitigation
 15. Technical definitions and descriptions (e.g., carrying costs; forecasts from IESO rather than forecast information; invoicing mechanics; simplifications of definitions; etc.)
 16. Limited discussion re contents of “Financing Plan”
 17. No real recognition of tail risk and duration mismatch considerations and mitigants/strategies
 18. No discussion re OFHPA rights of action, etc.
 19. “non-bypassable” (meaning)

OFA - Change of Law Protection Agreement

1. Narrative (e.g., “in favour of the Issuer”)
2. Notes do not constitute debt of Province, etc. (confirm description) – additional considerations?
3. Scope of “Approved Obligations” (overbroad)
4. Positive obligations in favour of Province (e.g., apply amounts; credit for applied amounts)
5. Definition of “Protection Events” (align)

6. Rights of Subrogation (needs to be more detailed)
7. Mechanics of Protection Account
8. Limited direct rights of Noteholders (through indenture trustee)
9. Limitations on damages
10. Only passing reference to the "Process Agreement" in OM (but referred to in more detail in the Investor Presentation)

Other

1. Confidentiality (deemed vs. confirmed in writing)
2. Liability for Taxes (priority claim in waterfall; impact on triggers)
3. IESO - descriptions
4. Electricity Market; OEB; OPG
5. Platform (e.g., very broad cross default – beyond generic risk factors?)
6. Interplay between Warehouse and Term issuances
7. Description of 2018 Notes
8. Optional Redemption of Notes (confirm if applicable/acceptable)

FYI, attached is our internal (preliminary) mark-up of the OM. It should not be on-circulated at this stage. We are providing it now in case you would find it useful to have specified illustrations of the foregoing items.

Regards, Steve
