I don't see anything about restrictions in the SoW or master agreement about their work. (There are restrictions about them speaking about Ontario).
I am not 100% confident that this restriction couldn't have come through a different document I'm unaware of

Mark is probably in Basement Room B-88 if its urgent and you need to speak (I'm not sure what email restrictions they may have there)

Mark – was this work done under the general EY Complex Accounting contract that ended Feb 2018?

Going through that SoW and master agreement now

Can you also confirm whether there are any restrictions in the EY contract or statement of work regarding our ability to speak publicly about their work.

Thanks,

Hi – can both of you take a read through this for factual accuracy.

Thanks,
