Hi Cindy,

I think when the narrative was drafted it was dropped by the MO for space and, at the time, as there was no recent update since Budget 2017. Yesterday's announcement does provide an update, so we can see about adding that in too

Ron

Either way is fine with me. One more question. There is no mention of the \$100 million affordability fund and there was an announcement from Hydro One yesterday re the status of that fund. Do you know why this part of the FHP was excluded.

Thx

Hi Cindy,

We can send you a draft of the additional material if you like, or you could review it in the next distribution.

Haven't seen the LTEP. But I think we need to be very clear on the FHP in every document, so each stands alone re clarity and completeness.

Hi Cindy,

We'll work in text on that. We'll try to keep it tight, so covering the key points, but shorter than in Budget 2017.

Have you seen the LTEP document that is scheduled to go out on Thursday? As a dedicated product on the electricity sector, it does provide a longer narrative on the FHP and its various components, including with respect to your 1 and 2.

Thanks Ron

Two primary comments:

1) the text should distinguish between what portions of the plan are on the rate base and what portions are on the tax base

2) for the portion on the rate base, the text has to tell the full story including the repayment of the amounts from the rate base in the future

Happy to chat live.

Cindy

Hi Cindy,

I think our EAs were in touch on this yesterday, and had noted that our initial draft on this section has been progressively reduced in each turn from MO feedback, as they sought to shorten the section. I think our original text was more comprehensive, along the lines of the 2017 Budget narrative.

I understand, reasonably, that you had some feedback and we can try to draft and add in text to accommodate.

Happy to take in your feedback too, as we draft. Would your suggestions be quite tight on wording, as the MO wants to keep it short?

Hi Ron - are you the author of this section? If not, do you know who is? I have some comments.

Thx
