For example:

In addition, the reported revenues related to electricity sector business enterprises will reflect a change in the basis of consolidation from Generally Accepted Accounting Principles in the United States (US GAAP) to International Financial Reporting Standards (IFRS) effective April 1, 2016, consistent with the Auditor General's recommendation. The impact of this change is not expected to be significant for 2016–17.

Should we also spell out GAAP? Generally Accepted Accounting Principles

Good idea. International Financial Reporting Standards.

Sarah - can you send to Tim/Selena.

See highlighted changes.

Let me know if you are OK with this and we'll sent to Tim/Selena.
