Can you send Bonnie and Bill the two slides from the deck with the quants – the f/s impact and the page before (may have to remove some of the content if not appropriate to send to the AG.). We need to be very clear that the quants our understanding of their view and ask for them to confirm or clarify.

Thanks,

Cindy

Cindy,
Not sure if I shared Bill's response...he's expecting the issues note to be issued by Bonnie, likely some time tomorrow am. n

Subject: Pension Asset Ceiling issue

We've prepared a short deck to summarize the issue and the potential impact on the public accounts.

As of now we haven't heard back from the AG regarding having a discussion with Deloitte tomorrow (we sent a message at about 6 pm today requesting we have a discussion at 6:30 pm tomorrow) and we haven't received the AG's issue summary.

Cindy
