Couple minor fixes in the attached that went for printing.

Please refer to this version during the call Cindy.

Thanks Cindy.

Your changes have been made and Comms is good with your suggested edits to the speaking points.

Also we've been asked to change the order of the deck so that pensions is last, to help smooth the transition to Uros' presentation. Therefore new order is: 1. Third party 2. OPG/H1, 3. IESO and 4. Pensions

Thanks
Sarah

Hi Sarah and Mark,

Thanks to both of you for all of your work on this deck and the logistics.

Attached are my edits to the speaking notes – I've commented on the slides where I have made edits (most if not all of the slides I'm speaking to have edits) – there are a couple of edits to the slides, which are in red.

Also – not all of the slides have the same footer – can we get that fixed?

Thanks again,

Cindy

Hi Cindy and Mark,

Please see attached for the updated speaking points for the technical deck. Changes were to the deputy remarks to split into DM Angus and Thompson.

Unless any concerns, this is the version that will be used this afternoon.

I've left Uros' slides as standalone slides for now given that it's independent and we may not want to have ontario's logo/theme on them. You will see in the speaking points when you would throw it over to Uros at the end of the pension segment.

I'll have both printed for the 3:30

Thanks

Sarah
