Please see some proposed changes to the note to be sent to OPG. They are tracked to Stephen's document circulated in advance of yesterday's meeting.

Please let me know if you have any additional comments or concerns.

The intention would be to send this out to OPG by end of day, so please provide comments asap.

Thanks

Hi Cindy,

Thanks for your response. We appreciate how busy you are and that you are reviewing the materials. We are planning to respond to OPG today.

We wanted to touch base with you again before we send the response because OPG had the question "Please also advise if the Province's accountants have reviewed the proposal." In their email to the Province so wanted to respond to that along the lines of the following if it's ok with you.

"The Province's accountants are involved in this process and are also reviewing the proposal."

Thanks.

Malle

Hi Malle – thanks for the note -- when I left the call, I thought the plan was to proceed providing detailed comments to OPG – I don't think you should hold up that process for my review. I will review the documents, but can't commit to providing comments back today.

Thanks,

Cindy

Hi Cindy,

I am following up regarding the conference call yesterday. At the end of the meeting, the group decided that it was best to respond to OPG with general comments along the lines of what was in the draft comments reviewed at the meeting and highlighting in particular that we would like to receive specific comments on the draft process sent on September 27, 2017.

I understand that you will be reviewing these materials today and we are hoping that you can provide your comments back to the group today so that we can take them into account in the Province's response.

Thank you for your assistance – we know that you are pressed with many priority items.
