For the Fair Hydro Plan, can you have someone pull together a binder of the AG's statements – she appeared before the Justice Committee and those remarks are posted on her website, along with other documents.

Same question for the pension issue -- her documents that are posted and also include the panel's reports and our final memos on the plans.

For both, can you include the excerpts from Ch 2 for each topic (for pension, I think she also had comments in her Ch 2).

Thanks
