Thanks - this works - took a quick look.

Appreciate you making the changes.

Hi there-

Kyle has suggested some minor changes to this, which I have addressed in the attached (my notes in red below explain changes).

Wanted to share with you before sending back up.

Thx for this.

Patrick – does this catch up to the conversation with the two M's from this ? I'm thinking slide 6 may need to be modified – perhaps say 'potential composition of the panel' in the title (**added suggested language to slide 6**) .

In terms of the composition, the Minister discussed the idea of having a 4 member panel + chair, so it would be useful to work that as an option, even if it's just a bullet (**revised text box to "4 or 5 person panel (including chair)" on slide 6**) . Also, the Secretary just spoke to Helen (and Helen to Karen) about continuing to look for additional Chair's in the vein of Sheila Fraser, which we may want to recognise on the slide as well (**no change, speaking point only**) .

Just before slide 12, can we also add a 'header' type slide to separate the discussion on the following slides from the specific Pension Asset conversation (**added slide12**) ?

thx
