MDA

Page # & paragraph	Description	Suggested revisions/comments
Page 15/36; Last paragraph	OPG has initiated work to ensure all licensing-related submissions will be completed and ready to be submitted to the CNSC for an expeditious license review.	“Expeditious” may be interpreted by the public to suggest that the licensing review process will not be as thorough. Suggest re-wording to highlight that OPG is prepared to submit the application expeditiously after a federal EA decision. OPG has initiated work to ensure all licensing-related submissions will be completed and ready to be submitted <u>expeditiously</u> to the CNSC for an expeditious a license review.
p. 10, paragraph 5:	“On May 11, 2017, the Province introduced legislation that, if passed, will enable the IESO and OPG to work together to implement this financing as requested by the Province.”	Please remove or revise to, “The Province plans to introduce legislation that, if passed, will enable ...” The date for the introduction of the Fair Hydro legislation is not confirmed.
