Subject: 8% Hydro Rebate Question

Ms Renwick,

I have a question about the 8% Hydro Rebate that came into effect January 1st, 2017. I understand the implementation of the rebate and that it is equivalent to the provincial portion of the HST, but I was wondering if there was an 'expiry date' of this rebate. Is the plan to have this rebate for 1 or 2 or 3 years or indefinitely?

I think the rebate is wonderful but I am afraid it may end after a specific timeframe that will impact Hydro bills; especially with the requested Delivery Charge changes that have been applied for by Hydro One to the OEB.

Thank you for your help in this matter.
