Message:

Ontario's Fair Hydro Plan My wife and I, who are retired seniors, and live in a single family home in rural Ontario, specifically Goulais River. Our home's primary source of heating is electric base board heaters that are close to 40 years old. Our secondary source of heat is a wood fire place. Our electricity is provided by Algoma Power. Based on this information would we qualify for any aspects of Ontario's Fair Hydro Plan, more specifically: 1. Low income seniors - what is the limit? 2. Living in a rural area and electricity supplied by Algoma Power 3. Ontario Energy and Property Tax Credit 4. Northern Ontario Energy Credit Please advise. Thank you!
