Message:

Hello. I live in a condominium apartment in Toronto. My hydro charges are included in my monthly maintenance fees. Am I considered a residential customer who will benefit from the 25% rate cut? My condo corporation has budgeted a similar amount for hydro for the coming year as it did for the previous year. If I am not in line for the rate cut, then it seems to me that I am subsidizing rate cuts for people who can afford million dollar homes in Toronto.
