Hi Matt,

Please find attached Deputy approved drafts of the bill presentment LRC materials. They are not final, as staff are still working through changes, but we know Cabinet Office wants drafts asap so we can keep our place on the March 26th agenda.

Attached you can find:

1. Reg Amendment (password: "buzz")
2. LRC Form
3. Reg Comparison Chart
4. Regulatory Impact Assessment Twice Annual Effective Date Exemption Request

Only thing not in this package that will be included in the final is the Comms Snapshot.

Please let me know if these are ok to share with CO.

Thanks,
Deni
