Hi Jeet,

Meaghan is the policy advisor on our side responsible for all Indigenous files. I've included her on the email, and I'm sure she'll be happy to review these notes.

Cheers,

Subject: Leaders in Legislature: MIRR requested notes

Dan/Craig,

Please find attached four draft notes that staff prepared for the Leaders in Legislature meeting. These were requested by MIRR (also attached is a Materials tracking sheet across government).

They include notes on:

- 1) First Nations Leadership and Representation in the Electricity Sector
- 2) First Nations Participation in the Energy Sector
- 3) Energy Grievances
- 4) Electricity Costs and affordability

These notes are, pending DM and MO review, to be shared with MIRR.

Staff are also preparing a consolidated meeting note for the Minister (will track in for approval).

Thanks,

Jeet
