Hey DMO team,

Sending over this memo received from Environmental Defence. Could we please draft a reply that responds to our decision on this matter? It would be important to highlight the legal reasoning and policy rationale.

Please let us know if you think a draft would be possible by Monday?

Many thanks,
Meaghan

Subject: Memo re: the Clean Energy Adjustment

Hello friends at the Ministry of Energy,

Please see the attached memo from Environmental Defence concerning our request that the proposed "Clean Energy Adjustment" be renamed.

It is our opinion that the current proposal is misleading and will be damaging to Ontario's commitment to clean energy and a clean economy.

If you'd like to discuss this further, please be in touch.
