Fyi- this is a small group of small to medium sized manufactures.

We met with them in the summer and they said they would be sending recommendations to us.

While most of these don't seem feasible, this is a segment that could perhaps be better engaged by govt.

Happy to chat more.

Alex

Hi Alex

Just picked up your message I was at a meeting downtown Friday afternoon and left right from there. Attached please find our coalition recommendations. There are about five more companies that I have to add to the member page as it is a work in progress. I thought I should send it to you as is. I look forward to our next meeting. Please let me know when we could do this.

Thanks

Jocelyn
