Message:

When do I get my 25% off my hydro bill. I have seen no reduction except for the 8 percent that never should have been applied in the first place. I live in a small town in south western ontario. I am am single mother who works to put a roof over my sons head, food in his mouth and clothing on his back. If there is a reduction of 25% as kathleen whynn states all over the news. Why have I not seen it reflected on my hydro bill. I pay more to have the hydro delivered than I actually use and that isn't right. I await your reply
