Agencies: 2 inquiries

Agency: OEB

Topic: HON1 Rate Application

Reporter & Outlet: Alan Haberstadt (Editor), Biz X Magazine

Response Type: OEB Spokesperson

Reporter's Questions:

1. How does this process relate to the Fair Hydro Plan in terms of impact for the promised 25% cut?
2. What are the areas in South Western Ontario that will be affected by this application?
3. What is the expected timing of the decision?

Response:

TBC

Agency: OEB

Topic: Fair Hydro Act

Reporter & Outlet: Allison Jones, Canadian Press

Response Type: OEB spokesperson

Reporter's Questions:

I know the OEB announced May 1 that some of the reductions from the Fair Hydro Plan would be reflected on bills starting that day, in anticipation of the legislation passing.

Since it did indeed pass a couple of weeks ago, I'm just wondering if you know yet when the rest of the reductions are going to be reflected on bills?

Response:

Starting May 1st, the OEB implemented price reductions that will reduce the average electricity bill of the typical customer by 17%. These reductions were part of the government's Fair Hydro Plan. Additional reductions will come into effect on July 1st, now that the Fair Hydro Act has been passed.
