**Importance:** High

All,

Here are four letters, confirming to key stakeholders that their members will benefit from the hydro reduction:

**Letter to the Ontario Retirement Community Association (ORCA) – Signed by Minister Damerla – To be sent today by Seniors Affairs**

**Letter to the Ontario Association of Non-Profit Homes & Services for Seniors (OANHSS) – Signed by Ministers Damerla and Hoskins – To be sent today by Seniors Affairs**

**Letter to the Ontario Long Term Care Association (OLTCA) – Signed by Minister Hoskins – To be sent today by MOHLTC (*Ian - PDF needs today's date*)**

**Open letter to all licences retirement homes – Signed by Minister Damerla – To be sent March 16<sup>th</sup> by Seniors Affairs**

The language has been approved by Energy, Health and Seniors Affairs, and Ministers have signed off.

I am told that ORCA and OANHSS will provide supportive comment in return, which I can share with the group.

Please share any final thoughts before Ian and I push send, hopefully this afternoon.

Thanks,

Adam

**Adam De Caire**
